

## CULTURA MEDICAL SPA

RENEW RESTORE REFINE

Cosmetic lasers have revolutionized the skin care industry, and Cultura is at the forefront of this exciting technology. Cultura's co-founder, Dr. Eliot F. Battle, Jr., is considered one of the world's premier Cosmetic Dermatologists and laser surgeons and is recognized as the leading expert in laser surgery on skin of color. Dr. Battle, director of Laser Surgery of Cultura, is also a nationally recognized leader in performing Botex and filler treatments. His pioneering NIH sponsored research at Harvard helped to invent the new generation of non-invasive, "color-blind" cosmetic lasers that are safe for all skin colors, regardless of ethnicity. Although Dr. Battle is one of the most sought out guest lecturers in the cosmetic industry, resulting in his traveling throughout the world, his true passion is consulting with patients. Dr. Battle

and his team of expert cosmetic specialists perform well over 100 procedures daily, including laser hair removal, complexion blending therapy (removal of dark spots, moles and warts), Botex treatments, filler injections, laser skin tightening, scar improvement and laser therapy to tighten eyelid skin and to decrease dark circles and puffiness. From award-winning television shows such as "The Today Show," "Good Morning America," and ABC's "20/20" to the nation's most revered fashion and beauty magazines such as *G Magazine*, *Elle*, *Esquire*, *Glamour*, and *Elle*, Cultura's pioneering role in the aesthetic industry has been recognized by audiences around the world. "At Cultura, we believe that it is essential to embrace a global perspective in order to develop true aesthetic expertise."

Today's diverse culture requires an aesthetic industry that appreciates beauty of all types and colors. Cultura's Associate, Dr. Lisa Ginn, director of Cosmetic Dermatology is a recognized leader in the cosmetic dermatology and anti-aging industry. Dr. Ginn is a board certified dermatologist and a fellowship trained cosmetic laser surgeon. One of her true passions is the art of skin care. This is evident in her treatment strategies as she provides all of her patients with a customized laser skin care regimen as part of the Cultura Integrated Approach. Dr. Ginn joined Cultura Cosmetic Medical Spa, a ground-breaking medical practice founded by Dr. Battle and Dr.

Harris, in 2004. She along with the Cultura team provides innovative yet safe and effective treatments for all patients of all skin tones and ethnicities. Specific services provided by Dr. Ginn include: laser rejuvenation and laser hair removal, Botex and injectable fillers, acne care and complexion blending therapies, and skin care evaluations. From their line of skin products that are designed to be safe for sensitive skin to their extensive collection of lasers and ethically sensitive plastic surgery, Cultura's aesthetic expertise is unparalleled. "We employ all aspects of our integrated approach to help you achieve your goal of having clear, healthy, glowing skin."

## CULTURA FACIAL PLASTIC SURGERY

The goal at Cultura is to enhance the individual and celebrate global beauty. Cultura's co-founder, Dr. Monte Harris, director of Aesthetic Surgery at Cultura, is recognized as a leading expert for facial cosmetic surgery. Dr. Harris is a board certified and fellowship trained facial plastic surgeon with expertise in cosmetic laser therapy and aesthetic skin care. Patients travel throughout the United States and abroad to seek out his culturally sensitive approach to surgical facial rejuvenation. He is considered a pioneer of comprehensive cosmetic facial rejuvenation for individuals of darker skin tones. His minimally invasive approach to facial cosmetic surgery is perfect for patients seeking

a more natural alternative to the traditional facelift avoiding the risk of scarring. Areas of expertise include eyelid lift and brow lift, facial fat transfer, facial liposuction, and rhinoplasty. Dr. Harris sees consultations at Cultura Medical Spa and in the newly opened plastic surgery center in Chevy Chase, MD. Cultura is a multi-disciplinary aesthetic center, where expertise in cosmetic dermatology, laser surgery, plastic surgery, and luxury spa therapies combine to achieve the ultimate in skin rejuvenation. "At Cultura we encourage patients to embrace their natural beauty and work with them to achieve cosmetic results that address areas of concern, but also preserve individual identity"
